This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit, to change the place and manner of use of a portion of the waters of the Truckee River as heretofore granted under Claims 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 246, 247, 249, 250, 251, 252, 254, 255, 256, 261, and 264, Truckee River Decree, is issued subject to the terms and conditions imposed in said decree and with the understanding that no other rights on the source will be affected by the change proposed herein. A suitable measuring device must be installed and accurate measurements of water placed to beneficial use must be kept.

The issuance of this permit fully abrogates 371.98 acre-feet per season associated with 89.10 acres under Claims 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 246, 247, 249, 250, 251, 252, 254, 255, 256, 261, and 264 being described as the existing place of use under this permit.

This permit is subject to the continuing jurisdiction of the Federal Water Master and the State Engineer.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The point of diversion and place of use are as described on the submitted application to support this permit.
